

Responsible Visitor Charter

When visiting Bonifacio, I undertake to:

1/ Preserving my environment

On earth

- I use sunscreen that is **environmentally friendly and safe for the sea**.
- Whether I'm at the beach or out hiking, I **pick up all my rubbish**: cigarette butts and packaging come back with me or go in the
- I respect the **trail markings** to **preserve the flora and fauna**.
- I don't collect plants or animals.
- When engaging in motorised activities, I **follow my guide and only travel in areas designated** for this activity.

At sea

- I only moor my boat in **authorised areas**, avoiding **Posidonia seagrass beds**.
- I comply with **fishing regulations and quotas** by obtaining information from the relevant authorities.
- When snorkelling or diving, I **respect marine ecosystems** and **applicable regulations**.

2/ Adopt eco-friendly practices

Sorting my waste

I consult the website of the **Community of Communes of Southern Corsica** to locate collection points and find out about sorting instructions.

Optimising energy consumption

I switch off the lights and air conditioning when I leave my home, then I **set the temperature to a reasonable level** and **unplug any**.

Controlling your water consumption

I prefer **short showers** and turn off the water when brushing my teeth or washing dishes.

Promoting the use of digital technology

I **limit printing** by viewing documents directly on my mobile phone.

Be vigilant about fire risks

I **follow the rules**: no barbecues during droughts and I'm careful with cigarette.

Being a respectful camper:

*I don't go wild camping;
I only camp at one of the
many campsites in Bonifacio.*

Application to guide you:

Donia : to anchor while avoiding the Posidonia seagrass beds.

Fosiva : to find out about natural hazards in the vicinity.
